

**FIT the task and FIT the hand:**  
**Functionally Integrated Technology**

## FIT System Gloves

Developed for workers facing risks to their hands, the FIT System series of ergonomic-fitting gloves offers 9 sizes from XX-Small to XXX-Large. Our popular M/L Cadet size has been tailored to fit wider hands with relatively shorter fingers.

Relaxed pre-curve design allows a comfortable, ergonomically-correct grip, reduces blousing across the palm, and increases glove life.

Reinforced fingernail guards, an English-cut thumb insert, finger fourchettes, and side-wall inserts provide a durable, anatomically correct fit without annoying twists in glove fingers.

Glove-specific features, including fleece lining, shock/impact protection, longer cuffs, and varying palm materials allow wearers to choose the glove best suited to their job requirements.

**GLOVE SIZING:** Measure around hand at widest point of palm.

XXS: 5.5"-6"; XS: 6.5"-7"; S: 7.5"-8";  
M: 8.5"-9"; M/L Cadet: 8.5"-10";  
L: 9.5"-10"; XL: 10.5"-11";  
XXL: 11.5"-12"; XXXL: 12.5"-13"

**Dexterity and Durability**  
**Drivers Style FIT**

Custom tailoring, high-performance materials and attention to construction details provide comfortable fit, enhanced safety and increased performance and durability.

- Strong 100% synthetic materials resist punctures, cuts and abrasion. Top of hand fabric dip coated for long life. Textured palm of non-slip, oil-repelling UDM material enables a secure grip on tools.
- Will not shrink, stretch or harden.
- Relaxed pre-curve allows a comfortable, ergonomically correct grip, and mimimizes fabric blousing over the palm and base of the fingers when gripping tools.
- Snug self-fastening double-knit wrist band with gusset provides a debris-free closure.
- Reinforced fingernail guards increase glove life while protecting sensitive fingertips.
- Anatomically correct Bolton English-cut thumb insert curves to accomodate thumb at rest or while gripping.
- Machine wash warm, tumble dry low heat.

**Decade: Hand Protection: FIT System  
FIT Glove Sizing Ring**

Ring provides one of each size of the Drivers FIT full finger glove, for fast and accurate sizing and ordering

Allows wearers to try on a range of sizes without unpacking, mixing up or dirtying inventory stock.

Nine sizes range from XXS to XXXL, plus our M/L Cadet, tailored for wider, more muscular hands with shorter fingers.

- Even slight differences in hand size can make a big difference in glove fit, so try on at least 3 sizes before you pick a glove.
- Work glove are designed for working hands, so determine comfort with fingers slightly curved, and then while gripping a tool handle.
- All Decade FIT gloves have four-point fingertip tailoring. This minimizes fabric bulk at the fingertips, allowing greater dexterity and creating an overall better fit from finger bases to fingertips.
- Proper fit will reduce both hand fatigue and the risk of irritation, soreness or blisters.
