

Wrist, Elbow & Knee Supports & Braces

Decade Small Brace

Repetitive tasks and continued contact stress can cause strains and soreness ranging from mild discomfort to complete disability.

When treating anything other than a mild strain, it is important to consult a medical professional, to determine the severity of an injury before choosing a wrap or brace.

Decade products are tailored and sized to provide the correct compression and support to injured limbs. Secure closures and sturdy construction mean there are no dangling straps, threads, or loose ends that might catch in machinery.

Our knee shields, with or without Gpact™ shock/impact and contact stress damping, are designed to protect knees from the aches and bruising caused by prolonged contact stress against a hard surface.

Knee pads are easy to put on, easy to take off, and styled to provide comfort for workers spending hours on their knees.

SIZING: See individual product page for available sizes.

WRIST: Measure around wrist at smallest point: XS: 4.5-5.25"; S: 5.5-6.5"; M: 6.75-7.5"; L: 7.75-8.5"; XL: 8.75-9.5"

**Sewn-in Stays for Firm Support::
Single Tension Spiral Stay**

Designed to combat and prevent the damage and discomfort caused by repetitive motion strains and injuries.

Spiral stays located under the wrist encourage a safe, neutral position.

Elastic wrap provides firm compression and enforces wrist support.

Open finger design allows comfortable use of hand and fingers without disturbing wrist.

- Adjustable strap creates the thumb loop, for a custom fit.
- Compression (and thumb strap) can easily be adjusted to accommodate a swollen hand or wrist.
- Available in sizes from Small to XL.
- Sold for Right or Left wrist.
- Choose from Beige or Black.
- Hand wash in warm water, dry flat.

Part Number - Beige		
Size	Left	Right

XL	34434	34439

Extra Firm, Superior & Inferior Stays:
Dual Tension Spiral Stay

For extra firm support. Spiral stays located both above and below the wrist plus two elastic tension wraps offer a broader area of compression and a greater restriction of movement than our similar Single Tension Supports.

- Open finger design allows comfortable use of hand and fingers without disturbing wrist.
- Two (dual tension) wide bands of heavy duty elastic conform to shape of wrist and provide adjustable compression.
- Adjustable strap creates the thumb loop, for a custom fit.
- Compression (and thumb strap) can easily be adjusted to accommodate a swollen hand or wrist.
- Available in sizes from Small to XL.
- Sold for Right or Left wrist.
- Hand wash in warm water, dry flat.

Firm Support:
Low Profile

Two-piece, slip-on ambidextrous wrist support has a removable 4" wraparound strap, which allows placement of a stiff immobilizing pad on the front or back of the wrist.

- Durable and long-lasting premium grade rayon / cotton blend elastic.
- Thumb hole maintains proper placement and prevents brace from sliding up the arm.
- Fastens with hook and loop straps.
- No need to stock left and right: brace fits either hand.
- Sized from Extra Small to Extra Large.
- Ambidexterous.
- Hand wash in warm water, dry flat.
- This product contains natural rubber latex.

Simple, Easy-to-Use:

Single Lock Wrap

Moderate/lightweight wraps are designed to provide gentle support, compression, and minor to almost no restriction of mobility. Compression helps reduce swelling and encourages attention to wrist movement and position.

- Comfortable woven cotton blend fabrics with napped finish accepts hook all around.
- Excellent replacement for elastic bandages or gauze wraps.
- Easy self-wrap and hook-and-loop closure. Easily adjusts to any wrist.
- Hand wash warm in mild detergent, air dry.
- Available in Beige or Gray.
- One size fits all.
- Ambidexterous.
- These products contains natural rubber latex.

Part Number - Beige	
Color	Part Number
Beige	40101
Gray	40101-GR

Economical Soft Wraps:

Single Wrap Supports

Cool, segmented knit elastic fabrics provide support across the wrist joint.

3" Segmented Support wraps to protect right or left wrist. One size fits all for easy inventory and reordering.

- Closes securely with hook and loop.
- Easy-on, easy-off styling.
- Hand wash in warm water and mild detergent, dry flat.
- Unisize and Ambidexterous

4" Double Lock Wrap covers the full carpal area with easily adjustable support.

- Unique double-lock hook and loop closure makes this support easy to put on, even with only one hand.
- Second lock provides added security.
- One size fits all, right or left, for easy inventory and reordering.
- Hand wash in warm water and mild detergent, dry flat.
- Unisize and Ambidexterous.

**Elastic Wraps with Thumb Loops:
Economy & 3" Knit Wrap**

Economical wraps with thumb loops provide comfortably secure mild support. Hook and loop closures adjust for custom fit. Unisize and ambidextrous.

Black Economy Wrap provides wide support over the full carpal area, gently restricting wrist flexion and extension.

- 4" wide elastic strap.
- Thumb loop guides fabric into proper wrapping position.
- Comfortable even under gloves.
- Machine washable, air dry.

3" Knit Wrist Wrap is constructed of narrow width elastic, covering the carpal area without completely restricting wrist movement.

- Low bulk design allows complete dexterity.
- Adjustable strap controls compression.
- Covers full carpal area for firm support.
- Wrap fits either wrist for easy inventory.
- Strap fastens with hook and loop for custom fit
- Machine washable, air dry.

Firm, Pull On Compression:
Seamless Slip On

Circular knit elastic construction with no internal seams to chafe or rub. Serged edging for durability and long-life, even after repeated washings. Slip-On Support is constructed of premium grade rayon / cotton blend elastic.

- Thumbhole maintains proper placement.
- Ambidexterous: support flips to fit right or left wrist, requiring less inventory space and simplifying reordering and restocking.
- Beige.
- Available in sizes from Small to Extra Large.
- Hand wash warm in mild detergent, air dry.

Compression limits overgrip:
Tennis Elbow Braces

Tennis elbow supports and braces are used to provide immediate relief from pain and allow muscles to relax and heal while staying active. Brace compression restricts forearm muscles and gives tissues inflamed by "overgripping" a chance to heal.

- Constructed of 2" wide polyester webbing.
- Medical-grade webbing is economical, long-lasting and washable.
- **Gfôm® Brace** combines elbow support with directed compression and cushioning from vibration.
- One size fits all.
- Hand wash warm, air dry flat.

For the toughest environments:
Super Duty Knee Pads

Our toughest knee protectors:
Perfect for applications in mines,
quarries, construction sites,
demolition, concrete, rock, metal and
rough or pebbled surfaces.

- Designed for heavy duty use on extreme surfaces.
- High impact outside rubber shell for maximum knee protection and flexibility.
- Non-skid textured outside surface for safety on slick or uneven surfaces.
- Comfortable, flexible 1/2" foamed rubber inside padding provides soft cushioning for the knees and dampens impacts.
- Ideal for welders: surface grip and protection against ragged metal edges.
- Sturdy dual 5/8" leather straps secure each knee pad.
- One size fits all.
- Sold in pairs.

Unsize	55223

Internal pads for added comfort:

Contour

Internal pads of our exclusive Gpact™ shock/impact gel material shield the knees from hard and uneven surface contact. A flat kneeling surface ensures stability, while gripper bumps reduce the risk of slipping or sliding. New strapping system allows wearer to criss-cross straps or wrap above and below the knee, for a secure fit over bare legs or heavy trousers.

- On-off clips located at the sides of the knee pad end constant/daily adjustment of straps - just size once and clip. Pads stay snug over pants or against bare legs.
- Heavy duty polymer construction.
- Independent laboratory testing verifies the superior performance of Gpact™, our proven, patented, shock/impact damping material.
- One size fits all.
- Outer shell withstands temperatures up to 250 degrees Fahrenheit.
- Sold in pairs.
